EXCLUSIVE REPRESENTATIVES FOR:

Uninterruptible Power Supplies (UPS), battery monitoring systems, battery chargers, inverters, remote manual bypass switches & fusible panel boards.

Design, manufacture, and installation of air pollution control equipment including baghouse, scrubber, dry sorbent injection, heat recovery and mechanical collection systems.

Industrial Water Analyzers and Liquid Analytical Instrumentation for the most demanding applications & industries. Over 50 different in-line, process, and compliance liquid measurements.

General Monitors
by MSA

Combustible gas & toxic gas monitors, flame detectors & ultrasonic gas leak detectors for area safety, including Senscient ELDS open path detectors.

Complete industrial grade lightning protection solutions with a no strike warranty. Transient voltage surge suppression (TVSS) and grounding solutions.

High-performance gas conditioning solutions, including dryers, humidifiers, filters, coalescers, specialty scrubbers and complete sample conditioning systems. The exclusive manufacturer of Nafion™- tubing.

Vibration monitoring solutions, including rack mounted continuous monitoring systems, portable vibration data collectors, as well as a broad range of vibration sensors and vibration transmitters.

Servomex is a global leader in gas analysis. Using a vast array of sensor technologies, including their world renowned paramagnetic oxygen sensor, they are experts. Their expertise includes gas analysis in process control, purity & specialty gas production, combustion control, CEMS, medical and scientific applications. Their global systems and service capabilities means that their clients can be confident of reliability, performance and longevity.

Industrial temperature measurement with RTDs, thermocouples & transmitters, both standard & custom applications.

Complete line of flange heaters, circulation heaters, tubular heaters, and immersion heating elements for a wide variety of industrial and commercial applications.

AVAILABLE THROUGH RESALE ONLY:

AMETEK Sensors, Test & Calibration is one of the world's leading suppliers of pressure gauges, diaphragm seals, temperature gauges, pressure transducers, and pressure transmitters under the brands US Gauge, PMT Products. U.S. Gauge is one of the world's leading suppliers of high quality, competitively priced pressure and temperature measurement products. PMT Product pressure transducers and transmitters are some of the most long term stable units on the market, due to our solid state silicon piezoresistive sensing element.

**Daniel Measurement &
Control and
MicroMotion
flowmeters**

Daniel oil & gas fiscal flow measurement products. MicroMotion Coriolis flow and density meters.

Available in Colorado, Wyoming and Utah only
Industrial Unit Heaters, classified and unclassified location. Electric Heaters, Horizontal and Vertical Projection Steam/Hydrionic Heaters, Explosion-Proof Unit Heaters. Heater Accessories and Thermostats.

HART communicators, averaging pitot tubes, calibrators/digital manometers, differential gauges & transmitters, hand pumps, indicating fluids, laminar flow, manometers, orifice plates & flanges.

**Hotstart
Thermal Management**

IMC-800 Series engine heaters, oil heaters, controls and accessories.

**Prism Integrated
Solutions, Inc.**

SM Series High pressure, all-metal flowmeter and switch.
