*Amerair
Industries llc*

www.amerair.net

Design, manufacture, and installation of air pollution control equipment including baghouse, scrubber, dry sorbent injection, heat recovery and mechanical collection systems. For the steel, industrial and utility steam generation, cement and rock products, ferrous and non-ferrous foundries, chemical, pulp and paper, and mining industries.

AMETEK®
SOLIDSTATE CONTROLS
www.solidstatecontrolsinc.com

Uninterruptible Power Supplies (UPS), battery monitoring systems, battery chargers, inverters, remote manual bypass switches & fusible panel boards.

Electro-Chemical Devices, Inc.
www.ecdi.com

Industrial Water Analyzers and Liquid Analytical Instrumentation for the most demanding applications & industries. Over 50 different in-line, process, and compliance liquid measurements.

General Monitors
by MSA
www.MSAsafety.com/detection

Combustible gas & toxic gas monitors, flame detectors & ultrasonic gas leak detectors for area safety, including Senscient ELDS open path detectors.

www.lightningprotection.com

Complete industrial grade lightning protection solutions with a no strike warranty. Transient voltage surge suppression (TVSS) and grounding solutions.

A trusted leader in measurement & calibration solutions including: HART communicators, averaging pitot tubes, calibrators/digital manometers, differential gauges & transmitters, hand pumps, indicating fluids, laminar flow, manometers, orifice plates & flanges.

Perma Pure LLC is the world leading provider of high-performance gas conditioning solutions, including dryers, humidifiers, filters, coalescers, specialty scrubbers and complete sample conditioning systems. As the exclusive manufacturer of Nafion™- tubing, Perma Pure delivers best-in-class performance, quality and reliability across a wide range of applications and conditions. That's why Perma Pure is the trusted choice of medical, scientific, fuel cell, and environmental monitoring market leaders.

Global supplier of advanced machinery protection and condition monitoring systems. Vibration monitoring solutions, including rack mounted continuous monitoring systems, portable vibration data collectors, as well as a broad range of vibration sensors and vibration transmitters.

High performance, reliable gas analyzers including paramagnetic technology for oxygen and TDL (tunable diode laser), Kontrol Analytik and Delta F analyzers & portable analyzers for process control & industrial gas applications.

Industrial temperature measurement with RTDs, thermocouples & transmitters, both standard & custom applications.
